

Somerled 2012 Adelaide Hills Sauvignon Blanc

This vintage was a beauty! A sunny and worry-free summer gave rise to some fresh crisp, soft, aromatic sauvignon blancs in his region in 2012.

Mango, passionfruit, banana are all here in spades – a gorgeous wine with scallops, oysters and all manner of seafood dishes.

We topped up our sauvignon blanc in cold stainless steel tanks for longer than usual – and released the wine released straight after bottling. It wasn't knocked around at all so that's why it's still such lovely, fresh drinking right now.

- Appearance: Beautifully pale with bright green tints
- Nose: Mango, passionfruit, banana.
- Palate: Characters from the nose follow through to the palate, with a fantastic crispness yet still a soft delicate character that the Hills are known for.
